The Tidyfy Blueprint

Residential General Clean

A clear guide to what is included, what depends on your quote, and what is outside the service.

A CONSISTENT CLEAN FOR INTERNAL AREAS

Every General Clean follows four easy to recognise zones, then a final room by room check. The service covers internal areas only, as listed here and in your quote.

Internal areas only. Window sills are dusted. Internal window glass and all external work are excluded.

Your scope at a glance

The list on page one describes the General Clean. Your quote confirms any conditional item and any additional work for your property.

CONDITIONAL AND PERIODIC WORK

No periodic task is an automatic inclusion. Any periodic work must be specifically listed in your quote.

ADD ON SERVICES

The following are outside a General Clean and are included only when specifically listed in your quote:

- Making beds
- Internal window glass
- Balconies, patios, outdoor areas, external glass, outdoor furniture and similar external work
- Inside ovens, fridges, cupboards or other storage. The General Clean includes appliance exteriors and cabinet fronts only.
- Emptying the dishwasher, washing dishes and putting dishes away are not part of a General clean. Any exception is agreed for that visit only.

Furniture is not moved. Areas beneath or behind furniture are not cleaned when furniture blocks access.

Any task not listed as included above is outside the General Clean unless it is specifically listed in your quote.

THE TIDYFY FINISH

Before leaving each room, we check five things:

SURFACE	No dust, residue, grease or crumbs on listed surfaces.
EDGE	Skirting, corners, behind doors and fixture edges checked.
GLASS	Mirrors and shower glass checked for streaks.
FLOOR	Vacuumed or mopped, including edges and corners.
PRESENTATION	Items reset neatly so the room looks finished.

THE CLEANING SEQUENCE

PREP, NEST, FRESH, then STEP. Floors are done last.

Excellence, Without Compromise.
